DCI/DDCI Executive Staff

18 May 1988

NOTE FOR: DCI

Attached for your information is a letter from Chairman Stokes to Representative Rostenkowski regarding a section in the proposed Intelligence Authorization Act for FY-89 that Mr. Gates sent to HPSCI on 9 March. The section in the proposed Act that Mr. Stokes refers to concerns providing tax treatment on allowances for certain DoD personnel comparable to that provided to Foreign Service and CIA employees for similar allowances -- apparently the present tax code taxes these allowances if you work in DoD but does not tax them if you are an Agency employee or Foreign Service Officer. Chairman Stokes has referred this issue to Representative Rostenkowski in his capacity as Chairman of the Ways and Means Committee. Note the Chairman's letter claims he has urged you to communicate directly to Rostenkowski regarding this proposed change in the tax laws.
